## Objective

I am seeking an analytical position within Sysco to utilize my education in business technology and experience in retail finance, asset, reporting, and personnel management to add value to operations.

## Work Experience

### Systems Coordinator – **Baugh South Cooperative Redistribution Center** (January 2008 – Present)

- Facilitating store sales (up to \$115,000 in sales/week), customer service, and profit maximization
- Responsible for store replenishment. Primary orderer of \$80,000+ of merchandise per week
- Hiring, Training, Scheduling, and Supervising a staff of 20
- Writing orders to ensure optimal stock levels with price changes, promotions, and sale trends in mind
- Monitoring product loss, sales per employee hour, and merchandising to meet company goals
- Handling and Tracking End-of-day Finances, Profit & Loss Statement analysis

### Assistant Store Manager – **Save a Lot Food Stores** (January 2005 – January 2008)

- Facilitating store sales (up to \$115,000 in sales/week), customer service, and profit maximization
- Hiring, Training, Scheduling, and Supervising a staff of 20
- Writing orders to ensure optimal stock levels with price changes, promotions, and sale trends in mind
- Monitoring product loss, sales per employee hour, and merchandising to meet company goals
- Handling and Tracking End-of-day Finances, Profit & Loss Statement analysis

### Data Catalog Assistant – **University of Florida Foundation** (September 2004 – November 2004)

- Researched Potential UF donors through U.S. Publications
- Digitized and Cataloged hundreds of donor records a day.

### Web Designer – **Onitcorp** (June 2003 – October 2003)

- Designed e-commerce websites using ASPX and .NET components in a developer team of ten

### President – **Focus Web Services** (October 1996 – August 2003)

- Self-employed in Internet programming company (<http://www.interfocus.net>)
- Published 5 websites for retail and entertainment companies
